PROFESSIONAL SUMMARY

Senior Product Designer with 9+ years of experience designing AI-assisted SaaS platforms, analytics dashboards, and complex workflows across B2B and consumer products. Specialized in end-to-end product design, user research, usability testing, and scalable design systems.

EXPERIENCE

Senior Product Designer

Matt Vicini Design LLC

Sept 2024 – Present

- Leading end-to-end product design for VoteOnIssues.org, defining core user flows, interaction patterns, and scalable UX systems
- Designed complex data and reporting workflows in Figma for TurboTabs.com, improving usability for PDF generation and document management
- Built AI-assisted data ingestion and parsing workflows for GetLumenAI.com, simplifying complex backend processes into intuitive interfaces
- Partnered closely with founders and engineers to shape product strategy, prioritize features, and rapidly iterate on user feedback
- Conduct user research, workflow analysis, and usability reviews to identify friction points and improve experience quality

Senior Product Designer

Measured (Remote)

Mar 2023 – Sept 2024

- Led end-to-end design of a data-heavy analytics dashboard MVP from concept to launch, contributing to a **20% increase in adoption**
- Defined user flows, information architecture, wireframes, prototypes, and high-fidelity UI in Figma for complex marketing analytics workflows
- Conducted usability testing sessions and synthesized customer feedback into actionable product improvements
- Rapidly prototyped **3 SaaS products** in Figma, streamlining complex workflows and improving usability
- Built and maintained scalable design systems to improve consistency, accessibility, and cross-functional efficiency
- Collaborated closely with Product, Engineering, and stakeholders to align roadmap decisions with user needs and business goals
- Mentored junior designers and contributed to collaborative design critiques and workflow improvements

Founding Product Designer

Dials (Remote)

Mar 2022 – Oct 2023

- Led product design for HOA management SaaS platform from initial concept through MVP launch
- Designed onboarding flows, dashboards, and end-to-end management experiences that **increased early-adopter sign-ups by 20%**
- Conducted user interviews with HOA board members to uncover pain points and validate product direction
- Built and maintained a scalable design system in Figma to support rapid iteration and future growth
- Collaborated cross-functionally with founders and engineers to define product requirements and prioritize features

Senior Product Designer

I'll Go Get It (Hybrid)

Oct 2020 – Jan 2022

- Designed mobile driver and logistics workflows for a delivery platform supporting **40+ stores and 20+ drivers**
- Led UX design for onboarding, navigation, and operational management tools across mobile experiences
- Coordinated across **3 external development teams** to streamline implementation and improve delivery workflows
- Mentored junior designers and supported cross-functional collaboration between product and engineering

UI/UX Designer

PerBlue Entertainment

Nov 2014 – Jul 2019

- Designed scalable UI/UX systems and mobile product experiences for high-traffic consumer platforms reaching **30M+ users worldwide**
- Created user flows, interface patterns, and progression systems for products with **10M+ installs**
- Collaborated cross-functionally with product, engineering, and design teams to improve usability and engagement through user feedback and behavioral metrics
- Designed responsive mobile-first interfaces optimized for usability, retention, and long-term engagement

EDUCATION & CERTIFICATIONS

Michigan State University — BA Telecommunications

Google Data Analytics Certificate — Foundations: Data, Data Everywhere (2025)

SKILLS

Figma • Cursor • ChatGPT • Claude • Lovable • Supabase • GitHub • Product Design • UX Design • Product Strategy • Design Systems • User Research • Usability Testing • Prototyping • Accessibility • SaaS Platforms • Analytics Dashboards • AI-Assisted Design • Cross-Functional Collaboration • Agile Workflows
